THE HONG KONG CONNECTION

About Wok Hei

Wok Hei, often referred to as the “breath of the wok,” is a term that encapsulates the distinctive flavor and aroma imparted to food when cooked at high heat in a well-seasoned wok. This elusive quality is achieved through the intense, rapid stir-frying process, which creates a smoky, charred essence that enhances the dish’s complexity. Wok Hei is a hallmark of skillful Cantonese cooking, reflecting both the technique and the culinary tradition behind it.
